Definition of terms used on this page

Patient: The plan member who received the service.
Plan: Individual or group coverage that pays for your covered health care services.
Service date: The actual date service was provided.
Contract number: The main identification number on your Blue Cross ID card.
Finalized date: The date we finished processing your claim and figured out how much you owe.
Provider: Doctor or doctor's office, hospital, pharmacy or facility licensed to perform services for our members.
Total charged: The amount billed by doctors or other health care professionals for services received.
Total covered: The amount you don't pay. It includes things like the amount paid by your plan, the amount paid by other insurance (if you have it) and discounts.
Total you pay: This amount may include what you need to pay toward your deductible, coinsurance and copays, and charges your plan doesn't cover.
☐ Mark paid  : undefined
Service date: The actual date service was provided.
Service description: The information available about the services received.
Amount charged: The amount billed by your doctor or other health care professionals for services received.
Discount: We negotiate discounts with hospitals, doctors and other health care providers to help save you money.
Amount approved: The amount we determined is reasonable to charge for a covered health care service.
Plan paid: The portion of the amount approved paid for by your plan.
You pay: This amount may include what you need to pay toward your deductible, coinsurance and copays, and charges your plan doesn't cover.
Deductible: The amount you pay for health care services before your health insurance begins to pay.
